

Nutrition in Aged Care

2 Day Seminar 2010

Seminar for cooks and carers

**Nutrition
Professionals
Australia**

*solutions for
a healthy life*

Nutrition Professionals Australia's 2 day Seminar– Nutrition and Special Diets in Aged Care is on again this year!

Come for the 2 days and learn how to:

- Maintain Best Practice and meet Accreditation Requirements
- Provide good nutrition for elderly residents
- Provide variety in texture modified diets
- Make catering for diabetic diets much simpler
- Identify nutrition issues and manage special diets

Studies have shown that improving knowledge of nutrition throughout a facility can improve the nutrition of your residents. We recommend that one representative from the care staff and one from the catering staff both attend this valuable workshop. Previous participants have commented:

- Thankyou - very informative excelled my expectations
- Attendance should be made compulsory
- I now have a better understanding of the nutritional requirements for the elderly

Where?

Nutrition Professionals Australia's North Adelaide rooms.
267 Melbourne St, North Adelaide SA 5006

When?

25th and 26th October 2010
9am to 5pm on both days

Cost?

Registration fee — \$550 per person incl GST
An early bird registration fee of \$440 incl GST is available if you register before 1st October 2010.

Please fill in the registration form and fax or post to our North Adelaide address. With quality of care and nutrition highly topical at present, these seminars will fill quickly.

Note that any of our seminars or workshops may be run on site in your own facility— contact us for more information.
