

Texture modified Diets

Half Day Seminars 2010

Seminars for cooks and carers

**Nutrition
Professionals
Australia**

*solutions for
a healthy life*

Nutrition Professionals Australia's half day seminars on Texture Modified Diets are on again this year!

Come for the afternoon and learn about:

- New names for vitamised diets and thickened fluids
- Presenting puree foods
- How to keep in maximum nutrition
- Why residents on puree diets often lose weight

Studies have shown that improving knowledge of nutrition throughout a facility can improve the nutrition of your residents. We recommend that one representative from the care staff and one from the catering staff both attend this valuable seminar.

Where?

Nutrition Professionals Australia's North Adelaide rooms.
267 Melbourne St, North Adelaide SA 5006

When?

- 7th June 2010
- 15th November 2010

1.30 pm to 5pm

Refreshments provided

Cost?

Registration fee — \$132 per person incl GST

An early bird registration fee of \$110 incl GST is available if you register before 21st May or 29th October 2010.

Please fill in the registration form and fax or post to our North Adelaide address. With quality of care and nutrition highly topical at present, these seminars will fill quickly.

Note that any of our seminars or workshops may be run on site in your own facility—contact us for more information.
